General News

R. J. McLaughlin, a capitalist from Detroit, dropped dead in his room in the Washington hotel in Seattle.

Fire that broke out in the fifth story of the Douglass office building at Los Angeles did \$70,000 damage.

With the approach of the Algebras convention on Moroccan reforms, the newspapers in Paris devote greater space to discussion of the question.

Dr. Alexander Graham Bell has given \$75,000 to the Volta bureau of Washington, D. C., as a memorial to his father, Prof. Alexander Melville Bell.

It comes from White House circles that a meeting of the New York state Republican committee is to be called within a month and Chairman Odell ousted.

John H. Converse, of Philadelphia, has endowed the chair of homiletics and pastoral theology of the Presbyterian Theological seminary of Omaha with \$50,000.

The death of Brigadier General John Campbell last week leaves but eighteen officers on the retired list of the army who served during the Mexican war, four having died since 1904.

The German emperor, the king of Italy, the youthful king of Spain, the queen of Holland, the king of Bavaria and the king of Saxony have never taken the trouble to be crowned.

General W. E. Mickle, adjutant general, makes official announcement that the sixteenth annual reunion of the United Confederate Veterans will be held in New Orleans, April 26 and 27.

An ordinance granting a franchise to the Kansas City Gas company to supply gas for thirty years at 25 cents a thousand feet was passed by the upper house of the city council.

Representatives Murphy, Fulkerson and Lyndall, of the Missouri delegation in congress, have been admitted to practice before the supreme court of the United States through Sam B. Jeffries.

The Stonybrook Box Board company's mills at Palmyre, N. Y., owned by Louis F. Payne, former state superintendent of insurance, were destroyed by fire. The loss is estimated at \$150,000.

Dr. Thomas F. Richardson of the marine hospital service has been designated by its chief, Dr. Wyman, to go to Honduras, at a salary of \$7,500 a year from that country, to act at its health officer.

Nathan Wesley Hale, republican congressman from Tennessee, can claim descent from Oliver Cromwell, and his ancestors, General Nathan Towson, was a quartermaster general under George Washington.

Word has been received at Seward of the death of Mrs. D. J. Brown at Milan, O. Mr. and Mrs. Brown were until recently residents of Seward county. Mr. Brown served two terms as legislator from the county.

The general assembly of the members of the British Royal Academy has elected Augustus Saint Gaudens, the American sculptor, and Josef Israels, the Dutch painter, honorary foreign members of the academy.

Fire in the New York state building at Piedmont Park, Atlanta, Ga., destroyed that structure, the Fine Arts building and the cafe and kitchen of the Piedmont Driving park. The buildings were erected for the Cotton State exposition in 1895.

A magnificent silver punch bowl, the gift of the city of Charleston, S. C., was presented to the United States cruiser Charleston. The presentation was made by Mayor Rhett on board the gaily-decorated cruiser and in the presence of 1,000 invited guests.

A joint resolution was introduced in the Ohio house, by Mr. Kealy of Hamilton county providing for the appointment of a joint legislative committee to investigate municipal affairs in Cincinnati. The resolution was made a special order for January 7.

The house committee of public lands decided to report favorably on bills providing for the quit-claiming back to settlers of land with imperfect titles which had been deeded to the United States for forest reservation, providing punishment for extortion in connection with government land transactions and creating a land office at Billings, Mont.

The National Negro Business league of New York City was incorporated to promote the commercial and financial development of the negroes of the United States by thoroughly organizing them into local leagues in all the states and territories for systematic instruction, conference and encouragement in commercial enterprises and the proper use and saving of money.

The plant of the Virginia-Caroline Chemical company, near Charlotte, N. C., was damaged \$125,000 by fire.

In his annual address to the Salvation Army, General Booth attributes his robust health to the fact that for the last seven years he has been a strict vegetarian.

Very Rev. Gilbert Francals, a noted French educator, has arrived in America and will in future live in Notre Dame, Ind.

Mrs. Stella Brennan, convicted at Minneapolis, Minn., for murdering her three stepchildren, has been sentenced to life imprisonment.

DID A WORLD OF GOOD

Dr. Williams' Pink Pills Cure Heart Pains, Dizzy Spells and Weakness.

Easy to get, hard to get rid of; that is what most sufferers think of dyspepsia. They are astonished when their stomach begins to trouble them seriously.

They had been eating hurriedly and irregularly for a long time, to be sure, but they supposed their stomachs quite used to that.

Some people know that the strength which the weak stomach needs, and for the lack of which the whole body is suffering, can be found surely and quickly in Dr. Williams' Pink Pills. In hundreds of instances these pills have succeeded where other remedies failed.

"My indigestion," said Mr. J. R. Miller, of Dayton, Va., "came in the first place from the fact that a few years ago I worked a great deal at night, and ate at any odd hour whenever the chance came, and always very hurriedly. One day I found myself a victim of terrible dyspepsia. It kept me miserable all the time for several years."

"I always had a great deal of distress after eating, and when I got up from my sleep my stomach would be so weak that it would hardly take any food. I had very uncomfortable feelings about my heart, and was dizzy and, whenever I stooped over and then straightened up, my eyes would be badly blurred."

"I read the statements of several persons who had got rid of obstinate stomach troubles by using Dr. Williams' Pink Pills. I bought some and they did me a world of good. They acted promptly and did just what was claimed for them. I have no more distress after meals; the bad feeling has gone from the region of my heart; the alarming dizzy spells have disappeared, and I am strong again."

Dr. Williams' Pink Pills are sold by all druggists and by the Dr. Williams Medicine Co., Schenectady, N. Y.

A Lesson in Good Manners.

A well-known lawyer is telling a good story about himself and his efforts to correct the manners of his office boy. One morning, not long ago, relates the Brooklyn Citizen, the young autocrat of the office blew into the office and, tossing his cap at a hook, exclaimed: "Say, Mr. Blank, there's a ball game down at the park park today and I am going down."

Now the attorney was not a hard-hearted man, and was willing the boy should go, but thought he would teach him a lesson in good manners. "Jimmie," he said, kindly, "that isn't the way to ask a favor. Now you come over here and sit down and I'll show you how to do it." The boy took the office chair and his employer picked up his cap and stepped outside. He then opened the door softly and, holding the cap in his hand, said, quietly, to the small boy in the big chair: "Please sir, there is a ball game at the park today. If you can spare me I would like to get away for the afternoon." In a flash the boy responded. "Why, certainly, Jimmie, and here is fifty cents to pay your way in."

There are no more lessons in manners in that office.

Don't Wait.

Hanna, Wyo., Jan. 15th (Special)—Delays are dangerous. Don't wait until all the awful symptoms of Kidney Disease develop in your system, and your physician shakes his head gravely as he diagnoses your case. If you suspect your kidneys, turn at once to the great Kidney Specific—Dodd's Kidney Pills. You can do so with every confidence. A few of Dodd's Kidney Pills taken in time have saved many a life. The early symptoms of Kidney Disorder may be the forerunners of Bright's Disease, Diabetes and Dropsy. Dr. W. H. Jeffries, a resident here, tells below how he treated an attack of Kidney Trouble. He says:—

"Before I commenced taking Dodd's Kidney Pills, I had always a tired feeling every morning when I got out of my bed, and my kidneys were in very bad shape. There was always a dull heavy pain across my loins, and I had hard work to stoop. I took two boxes of Dodd's Kidney Pills, the tired feeling and back pains have entirely gone, and I am now cured."

To Ventilate a Room Properly.

The right way to ventilate a room is to open the window at both top and bottom. In this way you provide an entrance for a friend and an exit for a foe; for as the fresh air rushes in the foul air is expelled.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

God has only one school for character, that of daily life.

Worth Knowing

That Alcock's are the original and only genuine porous plasters; all other so-called porous plasters are imitations.

There is no hiding from the subpoena of the court of conscience.

A GUARANTEED CURE FOR PILES. Itching, Ulcer, Bleeding, Protruding Piles. Druggists are authorized to refund money if FAZO OINTMENT fails to cure in 6 to 14 days. 50c.

The happiness reaped today depends on that sown yesterday.

Smokers appreciate the quality value of Lewis' Single Binder cigar. Your dealer or Lewis' Factory, Peoria, Ill.

They hear best the angel's songs who listen for earth's sighs.

AN EVERY-DAY STRUGGLE.

Too Many Women Carry the Heavy Load of Kidney Sickness.

Mrs. E. W. Wright of 172 Main street, Haverhill, Mass., says: "In 1898 I was suffering so with sharp pains in the small of the back and had such frequent dizzy spells that I could scarcely get about the house. The urinary passages were also quite irregular."

Monthly periods were so distressing I dreaded their approach. This was my condition for four years. Doan's Kidney Pills helped me right away when I began with them and three boxes cured me permanently."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Piano Sales in Mexico.

It is a common thing in Mexico to find a high-grade piano and several high-class musical instruments in a Mexican home, where there are no carpets on the floor and where the furniture of the house is of the most ordinary kind.

FOUR YEARS OF AGONY.

Whole Foot Nothing But Proud Flesh—Had to Use Crutches—"Cuticura Remedies the Best on Earth."

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. At last my whole foot and way up above my calf was nothing but proud flesh. I suffered untold agonies for four years, and tried different physicians and all kinds of ointments. I could walk only with crutches. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day, and kept it up for seven months, when my limb was healed up just the same as if I never had trouble. It is eight months now since I stopped using Cuticura Remedies, the best on God's earth. I am working at the present day after five years of suffering. The cost of Cuticura Ointment and Soap was only \$6, but the doctors' bills were more like \$600. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

The darkest shadows of life are those which a man himself makes when he stands in his own light.

Piso's Cure cannot be too highly spoken of as a cough cure.—J. W. O'Brien, 323 Third Ave. N., Minneapolis, Minn., Jan. 6, 1900.

Don't Be Too Sensitive.

There are people—Yes, many people—always looking out for slights. They can not carry on the daily intercourse of the family without finding that some offense is designed. They are as touchy as hairtriggers. If they meet an acquaintance who happens to be pre-occupied with business they attribute his distraction in some way personal to themselves, and take umbrage accordingly. They lay on others the fruit of their irritability. Their disposition makes them see impertinence in every one they come in contact with. Innocent persons, who never dreamed of giving offense, are astonished to find some unfortunate word of momentary tactiturnity mistaken for an insult. To say the least, the habit is unfortunate. It is far wiser to take the more charitable view of our fellowbeings, and not suppose that a slight is intended unless the neglect is open and direct. After all, too, life takes its hues in a great degree from the color of our own mind. If we are frank and generous, the world will treat us kindly; if on the contrary, we are suspicious, men learn to be cold and cautious to us. Let a person get the reputation of being "touchy" and everybody is under restraint; and in this way the chances of an imaginary offense are vastly increased.

All the people in the universe believing a lie would not make it a truth.

UNCONSCIOUS POISONING.

How It Often Happens From Coffee.

"I had no idea," writes a Duluth man, "that it was the coffee I had been drinking all my life that was responsible for the headaches which were growing upon me, for the dyspepsia that no medicines would relieve, and for the acute nervousness which unfitted me not only for work but also for the most ordinary social functions. "But at last the truth dawned upon me I forthwith bade the harmful beverage a prompt farewell, ordered in some Postum and began to use it. The good effects of the new food drink were apparent within a very few days. My headaches grew less frequent, and decreased in violence, my stomach grew strong and able to digest my food without distress of any kind, my nervousness has gone and I am able to enjoy life with my neighbors and sleep soundly at night. My physical strength and nerve power have increased so much that I can double the work I used to do, and feel no undue fatigue afterwards. "This improvement set in just as soon as the old coffee poison had so worked out of my system as to allow the food elements in the Postum to get a hold to build me up again. I cheerfully testify that it was Postum and Postum alone that did all this, for when I began to drink it I 'threw physic to the dogs.' Name given by Postum Co., Battle Creek, Mich. There's a reason. Read the famous little book 'The Road to Wellville' in pkgs.

NEBRASKA STATE NEWS

COMPANIES MUST PAY OR STOP BUSINESS

LINCOLN—After a conference with Attorney General Brown, Insurance Auditor Pierce announced that fire companies in other state which have refused to pay the 2 per cent reciprocal tax, as required by the statute, must pay up within a reasonable time or be barred from doing business in this state.

Thirty-six fire insurance companies are involved. In the states in which they are organized Nebraska companies must pay a special tax, and Nebraska desires to play even. Companies located in Pennsylvania, Ohio, Massachusetts, New Jersey, Illinois, Wisconsin, Minnesota, Missouri and California are chiefly affected by this order.

When the Nebraska law went into effect the companies brought a test case and won in the supreme court. Later Mr. Brown got a rehearing and the court held that the law was good. The companies immediately filed a motion for another hearing, and this matter is now pending in court. A ruling was expected by Judge Holcomb, who heard the case originally, before he went out of office, but none was given.

Some \$30,000 is involved, and Mr. Pierce proposes to get after the companies in an endeavor to collect the money, most of it being delinquent for two years. The attorney general informed him that as long as the law is upon the books and no final decision of the courts is against it, it is his duty to enforce collection. One Minnesota company owes \$4,600, and the auditor thinks that if he waits much longer before going after the companies some of them will prefer to forfeit their Nebraska business rather than pay up the back tax.

BUTTER INJURED BY BAD CREAMERY HANDLING

LINCOLN—Nebraska dairymen are sadly wrought up over what they term the careless handling of cream by shippers and creameries alike, and at the coming state convention this question is to be taken up and debated.

The assertion is made that the farmers do not take the care of their separators that they should and that the creameries have aided and abetted in the wastefulness by fixing no standard for the product to which they insist upon adherence. The result has been a general lowering of the grade of butter.

Secretary Bassett is of the opinion that tens of thousands of dollars are annually lost to dairymen by reason of these facts. Some of the creameries have begun to grade cream, and this will prove a great help in making the farmers more careful. Their principal fault lies in their neglect to keep their separators free from bacteria and the result is that the product deteriorates rapidly.

"One of the burning questions in connection with the dairy industry in Nebraska at this time," says Secretary Bassett, "is the securing of a better quality of hand-separator cream. In the commercial markets there are three grades of butter, known as 'extras,' 'first' and 'seconds.' When extras are worth 25 cents, first sell at about 21 cents and seconds at about 17 cents per pound."

DOUBT ABOUT BEET FACTORY

Lincoln County Farmers Are Making Trouble.

NORTH PLATTE—Last summer the Standard Beet Sugar company agreed to erect a \$500,000 factory in Lincoln county, ready for work in the fall of 1906, if contract were procured from farmers in this vicinity to raise 60,000 acres of sugar beets for three years. Such contrasts were readily procured, and the Standard company has placed its order for machinery and material for a factory, to be commenced as soon as spring opens. But now comes a lot of the farmers who signed contracts for certain acreages of beets for three years commencing with 1906, and say they will not raise the beets according to their contract, because they claim that the company has failed to take the beets raised by them in the year 1905 as rapidly as they expected. Now, the important question is, will the Standard company put \$500,000 in a factory here unless the prospects are fair for beets sufficient to feed such a factory? The general feeling is that only irresponsible persons will go back on their contracts, and that if the company will erect their factory beets will be forthcoming to feed the same. A general meeting is to be held soon to discuss the matter and determine what to do.

Hundred Years' Strenuous Life.

PLATTSBROUGH—Grandma Davis, celebrated her one hundredth birthday at her son's, southeast of Plattsburgh. Only a few days ago she came to town, walked about the streets and went into the stores with quite elastic steps. The furrows of time are written upon her brow and cheeks, but she is not much gray and stoops slightly. She has had a rough, toiling life of it, much of the time working out of doors, sometimes husking corn in the fields, sometimes driving to town on a wagon piled high with wood.

NEBRASKA BRIEFS

Oakland reports a highly prosperous year in 1905.

A charter has been granted by the state banking department to the Citizens' bank of Giltner.

The barn of William Brown of Nebraska City was destroyed by fire, together with a fine team of horses.

The Hastings Building and Loan association has filed its twentieth year of operation without having foreclosed a single mortgage. It now has \$81,000 of loans in force.

E. G. Rathbun, a farmer and stock raiser who has lived near Ellis for many years, was adjudged insane by the board of insanity commissioners and ordered taken to the asylum.

A number of local capitalists have taken hold of the brick plant proposition at Humboldt a second time, and it now looks like the project would be pushed through at early date.

J. C. Hobart of Lincoln tossed an old sheet into the fire, and after it had been reduced to ashes he remembered that \$140 in currency had been pinned on its inside for safe keeping.

The Presbyterian Theological seminary of Omaha has received \$50,000 as a gift from John H. Converse, one of the controlling factors of the Baldwin Locomotive works of Philadelphia.

Mrs. Fred Snyder of Vesta precinct, Johnson county, was quite seriously burned. She was standing with her back to a red hot stove when her dress caught fire and she became enveloped in flames.

Jacob Cool, a farmer residing seven miles northeast of Callaway, disfigured his face with a corn knife while sharpening the implement. The upper lip was cut through and one side of the nose badly lacerated.

Rev. Van Dyke Wright remains until June 13 president of Hastings college, his resignation of that office to enable him to devote all his time to his work as pastor of the Presbyterian church taking effect then.

Judge Harrington arrived at Ainsworth and gave sentence to the following criminals: Fred J. Zylman, one year for stealing a watch and \$12 in money; Bert Valentine, three years and six months for stealing two horses, wagon and set of harness.

Governor Mickey has announced the appointment of Adam Breede of the Hastings Tribune and Ross Hammond of the Fremont Tribune to represent Nebraska at the "Seeing America" conference to be held at Salt Lake January 25.

Will Neff, a young man living near Ruby, met with a severe accident while skating on a pond near that place. He tripped and fell and the ice gave way and a sharp edge of the ice cut his head open from the eye to the back of his ear.

While Albert Fleishman and his brother, Otto, of Elmwood of Cass county were hunting the latter shot at a rabbit, but the whole charge of shot entered his brother's limbs and left arm. About sixty shot entered the arm and body.

The horse stolen in Auburn and belonging to Laff Higgins was discovered three miles northwest of Johnson. The Nemaha County Farmers' Protective association had men out looking for the animal and a reward of \$75 was offered.

The safe in the Bank of Salem was blown open. Cashier R. B. Huston found the doors wrecked but the inner door still firm and the money safe. Postage stamps to the value of \$100 which had been left by the postmaster and not locked up, were taken.

With 100 marriage proposals on her list as a result of holding a claim on the Rosebud reservation Miss Ella Rogers, a young newspaper woman of Ames, Ia., passed through Norfolk en route to the Rosebud reservation to make final proof on her property.

The Union Pacific is active in building up the North Platte river. About fifteen miles of track has been laid, and the work is still progressing. No work except survey has been made by the Burlington, yet the general impression is that both of the roads will build to the west along the valley of the North Platte as soon as spring opens up.

Judge Paul Jensen of Nebraska City has awarded a new trial in Miss Olie Holbrook's personal damage suit against William Leibold. In this case Miss Holbrook sued for \$10,000 damages for the loss of her scalp through an accident that occurred while she was employed in the Leibold bakery. The jury heard the case at the present term of court, finding in favor of the defendant.

A circular which will doubtless arouse much interest among the boys and girls of Nebraska farms, as it tells how they may secure books, has been issued by Miss Edna D. Bullock, secretary of the Nebraska Public Library commission. Any inquiries as to particulars may be obtained by addressing this commission at the capital building.

The Elm Grove Telephone company, another independent concern, filed articles of incorporation with the secretary of state. The Hurst school house in Elm precinct, Antelope county, is specified as the company's business headquarters, while the capital stock is fixed at \$5,000.

An epidemic of hog cholera, or what some of the farmers consider pneumonia, has been afflicting the herds southeast and east of Wood River, and many of the farmers have lost large numbers of hogs. One man lost his entire herd of thirty-five head, three to five dying in a week.

Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

Cheap Tea in Japan.

Tea at a cent a pound is used by the poorer classes in Japan. This is the cheapest kind of "bancha," and consists of the trimmings of the tea bushes when they are clipped with the shears after the first crop.

THE CALL OF THE CANADIAN WEST.

The Greatest Wheat Crop of the Continent.

The year that has just closed has done a great deal toward showing the possibilities of Western Canada from an agricultural standpoint. The wheat crop has run very near to the 100,000,000 bushel limit that was looked upon as too sanguine an estimate only a short time ago, and the area that has been broken to fall wheat for the coming harvest will go a long way towards enabling the farmers of the West to overlap on the 100,000,000 bushel estimate next year. And while the spring and winter wheat have been doing so well during the past few years, the other cereals have been keeping up with the procession. Rye and barley have made immense strides, and peas and flax have been moving steadily along. Dairying, also, has been successfully carried on in the new provinces, and in every stage the farmer has been "striking it rich." To such an extent has the success of the West taken hold of the outsiders that the rush of our Americans to Saskatchewan and Alberta, which was looked upon as marvelous last year, bids fair to be largely exceeded in 1906, and as there are still millions of acres of free homesteads available, which the building of the new railways will render accessible to the markets, new wheat lands will be opened ere long. Amongst the first to avail himself of the opportunity presented will be the American can cities Dominion Government Agents are located, who are able and willing to give the latest and best information in regard to the new districts which the railways will open up, and there will be no abatement of the rush to the Canadian prairies during the coming season. Some time since a poet in the columns of the "Toronto Star" had the following stirring lines, which throb of the Western spirit:

There's a stir in the air, there's a thrill through the land,
There's a movement toward the great West;
And the eyes of all men for the moment are turned
To the country that we love the best.
For 'tis Canada's day in the world's calendar,
And to this merry toast let us sup:
'Here's to the land, the young giant of the North,
Where the prairies are opening up!"

They come from the East, and they come from the South,
They come o'er the deep rolling sea—
They come, for they know they will dwell 'neath a flag
That makes all men equal and free,
Then, once more the toast, and let every man rise
And cheer ere he sip from the cup:
'Here's to the land, the young giant of the North,
Where the prairies are opening up!"

When a man falls in love he proceeds to give his intelligence a vacation.

Important to Mothers.

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it

Bears the Signature of *Dr. J. C. Watson*.
